MODEL DESIGNATION CODE

Series TRVN

pompetravaini

TRVN 40- 70 / 1 - C - M / A3 - Z1

Pompetravaini Construction

Liquid ring vacuum pumps

Construction type for Medium Vacuum rate
V = Single stage pump with Reed valve
BARESHAFT with CLOSE-COUPLED and Coupling

Hydraulic project index: **N**

Suction and discharge flange DN (mm)

Nominal flow rate m^3/h

Construction Project Number
1 = Standard Construction
1W = Construction for Compressor use

Shaft Seal Type
C = No.1 Component Mechanical Seal - Single
C2 = No.1 Component Mechanical Seal - Double back-to-back

Close-coupled construction with Motor Lantern

Material of Construction
A3 = AISI 316 stainless steel construction

Special Executions
Z1 = Suction/Discharge ports and Liquid Supply port with ISO-DIN flanges
Z2 = Suction/Discharge ports and Liquid Supply port with ANSI flanges
Z3 = Suction/Discharge ports and Liquid Supply port with ANSI flanges
Motor Lantern for assembly with NEMA motor.
Z4 = Low magnetic permeability version with two bearings on NDE side.
Z5 = Suction/Discharge ports with ANSI flanges and Liquid Supply port with ANSI thread
Z6 = Suction/Discharge ports with ANSI flanges and Liquid Supply port with ANSI thread
Motor Lantern for assembly with NEMA motor.
